Lee Jia Yee

A second year student of
Computer Science (Data Engineering)

EDUCATION AND ACHIEVEMENT

SMK Bandar Putra (Secondary School) 2018-2022

- Treasurer of the Tourism and Outdoor Education Club
- Assistant Treasurer of the Fire and Rescue Cadet Corps
- Deputy Editor of the Chinese Language Society magazine
- Vice Class Representative
- SPM Result: - 4A+, 4A, 2A-

Universiti Teknologi Malaysia(UTM) 2023-2024
Foundation in Physical Science

- Foundation Result: CGPA 3.97
- MUET Score: 3.5

Bachelor Degree of Computer Science (Data Engineering) with Honours 2024-Now

- Mid-Autumn Festival committee member
- College event crew member
- Current CGPA: 4.0

MY PROJECTS

Hasta Car Rental System

- Engineered a full-stack Laravel car rental platform featuring secure authentication, booking workflows and dedicated vehicle and user management modules.
- Designed a secure admin dashboard for fleet management and managed localized database seeding for operational testing and data flow validation.

MyGov-Guard AI

- Built a React Native (Expo) mobile app with a threat dashboard, multi-language support and TTS accessibility to protect vulnerable communities from scams.
- Developed a FastAPI (Python) backend integrated with Google Vertex AI (Gemini Flash) and Tesseract OCR for real-time document analysis and scam detection.

GXBank Youth Financial Resilience App

- Engineered a gamified React Native (Expo Router) mobile app to help students build savings discipline, featuring real-time behavioral nudges and spending limit warnings.
- Implemented interactive gamified rewards including streak tracking and saving blind boxes to encourage healthier long-term spending habits.
